Les rodoirs avec des diamètres intermédiaires et/ou supérieurs à 21.00 ainsi qu'une grosseur de grains différente que M (diamant) font l'objet d'une offre.

Hones with intermediate and/or larger diameters than 21.00 as well as grit sizes other than M (diamond) are subject to a quotation.

Honahlen mit einem Durchmesser zwischen und/oder über 21.00 sowie einer anderen Körnung als M (Diamant) wird ein Angebot erstellt.
